

Conference: The European Traffic Law Days

From the conference website: The European Traffic Law Days have established themselves as a forum for professional training and the exchange of experience between traffic law experts. The congress will provide experts in liability and insurance law with an opportunity to obtain a comprehensive overview of current developments in European traffic law relevant to daily practice.

The main emphasis of this year's event will be on the development of case law in the European Union on punitive damages. A working group will be set up, initially to determine the status quo, on the basis of which the fundamental problems involved in punitive damages will be discussed. Further topics are: Experience of the implementation of the fifth Directive; Elements of a sixth Directive (discussion on the progress achieved with the suggestions made during Trier VII); Minor accidents (improved enforcement of low-value claims involving traffic accidents abroad); The statute of limitations (European Parliament initiative); Rome II, the Regulation that governs the law applicable to traffic accidents abroad; The introduction of the recording of accident data Europe-wide; Simpler registration of motor vehicles abroad. Finally, current developments in European law and initiatives and developments in the harmonisation of European civil law will be discussed.

Target audience: All persons professionally involved in traffic law.

This conference to be held in Trier, 17-19 October 2007, is organised by ERA in cooperation with the Institute for European Traffic Law. This event will take place for the eighth time and will continue to be organised on an annual basis. The conference programme can be downloaded from the conference website.
