

Droit des Contrats Internationaux, 1st edition

This book authored by M.E. Ancel, P. Deumier and M. Laazouzi, and published by Sirey, is the first manual written in French solely devoted to international contracts examined through the lens of judicial litigation and arbitration. It provides a rich and rigorous presentation in light of the legal instruments recently adopted or under discussion in France, as well as at the European and international levels. 

After an introduction to the general principles of the matter, the reader will be able to take cognizance of the regimes of the most frequent contracts in the international order: business contracts (sale of goods and intermediary contracts), contracts relating to specific sectors (insurance, transport), contracts involving a weaker party (labor and consumer contracts) or a public person.

Advanced students, researchers as well as practitioners will find in this volume the tools enabling them to grasp the abundant world of international contracts, to identify the different issues and to master the many sources of the discipline.

The ensemble is backed up by a highly developed set of case law and doctrinal references, updated on August 15, 2016.
