

Kotuby & Sobota on “General Principles of Law and International Due Process”

This is a shameless plug for my new book. It is available for pre-order on the  Oxford University Press website and on Amazon.com. I was fortunate enough to co-author this work with my friend and colleague Luke Sobota from Three Crowns.

This book is intended to be a modern update of Bin Cheng’s seminal book on general principles from 1953—identifying, summarizing and analyzing the core general principles of law and norms of international due process, with a particular focus on developments since Cheng’s writing. The aim is to collect and distill these principles and norms in a single volume as a practical resource for international law jurists, advocates, and scholars. The book includes a Foreward by Judge Stephen M. Schwebel.

We’ve been fortunate to receive some wonderful praise thus far. Judge Schwebel has called it “a signal contribution to the progressive development of international law, . . . [done] with scholarship, insight, and panache.” Pierre Marie Dupuy has deemed it a “most useful study on the place and role of general principles of law in contemporary international arbitration,” while Judge James Crawford expects it to become a “work that will benefit both scholars and practitioners.”
