

# Surveys on Functioning Brussels I-bis Regulation

As part of a research on the amendments of the Brussels I-bis Regulation and the functioning in legal practice (financed by an Action Grant of the European Commission), surveys are available.

The research is conducted by the Asser Institute (the Hague), Erasmus School of Law (Rotterdam) and the Leibniz Institute (Amsterdam). The researchers are extremely grateful if you could fill these out or forward these to others that might be interested.

The survey is available in Dutch, English, French and German.

***Co-funded by the  
Justice Programme (2014-2020)  
of the European Union***
