U.S. Supreme Court “International Law” YEAR IN REVIEW

This panel discussion will review decisions from the U.S. Supreme Court's 2017-2018 term involving issues relating to international law and/or international relations. The discussion will include an in-depth look at the reasoning behind the decisions in *Jesner v. Arab Bank, PLC*; *Rubin v. Islamic Republic of Iran*; *Animal Science Products v. Our panelists, comprising some of the leading experts on international law issues, will also explore what these decisions tell us about the current Supreme Court's views on matters of international interest, as well as the influence the newly appointed Justice Gorsuch has had on these issues.
