German Workshop on Cross-Border Enforcement in the EU ("IC²BE")

On Friday, 13 April 2018, the Albert-Ludwigs-University of Freiburg (Germany) will host a workshop in the framework of the research project "Informed Choices in Cross-Border Enforcement" (IC²BE). Funded by the Justice Programme (2014-2020) of the European Commission, the project aims to assess the working in practice of the "second generation" of EU regulations on procedural law for cross-border cases, *i.e.* the European Enforcement Order, Order for Payment, Small Claims (as amended by Regulation (EU) 2015/2421) and the Account Preservation Order Regulations. As a result, it is intended to create a database of national case law. The project is carried out by a European consortium (the MPI Luxembourg and the universities of Antwerp, Complutense, Milan, Rotterdam, and Wroclaw) and is coordinated by Prof. Jan von Hein, Freiburg. Confirmed speakers include Professors Gerald Mäsch (University of Münster), Ivo Bach (University of Göttingen), Stefan Huber (University of Tübingen), as well as Dr. Denise Wiedemann (Max-Planck-Institute, Hamburg) and Dr. Bernhard Ulrici (University of Leipzig). Their presentations will be commented on by distinguished practitioners, such as Dr. Max Peiffer (Munich), Prof. Dr. Andreas Baumert (Achern), Dr. David Einhaus (Freiburg) and Dr. Nils H. Harbeck (Hamburg). The language of the workshop will be German. Partcipation is free of charge, but requires a registration.
