Innovating International Business Courts: A European Outlook

On 10 July 2018, a seminar will be held on the establishment of international business courts in a number of Member States. It aims to discuss these initiatives, in particular the novelties in the court administration and the procedural rules, to exchange views on the possible impact on international commercial and complex litigation, and to reflect on the challenges ahead.

The seminar is organised by Erasmus School of Law (ERC project '[Building EU Civil Justice](#)') of Erasmus University Rotterdam, in collaboration with the Max Planck Institute for Procedural Law Luxembourg, and the Montaigne Centre for Judicial Administration and Conflict Resolution (Utrecht University)

More information on the program and how to register will follow soon!
