# Cuadernos de Derecho Transnacional, Vol. 11, No 1 (2019)

The latest issue of *Cuadernos de Derecho Transnacional*, an open-access online journal focusing on private international law, is out.

It features some sixty papers (in Spanish, English and Italian) covering a broad range of topics, such as matrimonial property regimes, trade names, the legal framework of drones, child abduction, international data transfers, successions upon death and antitrust torts.

The current issue, like previous ones, can be accessed here.
