About the *Encyclopedia of Private International Law*

Bringing together 181 authors from 57 countries the *Encyclopedia* sheds light on the current state of Private International Law around the globe, providing unique insights into the discipline and how it is affected by globalization and increased regional integration.

The role and character of Private International Law has changed tremendously over the past decades. With the steady increase of global and regional inter-connectedness the practical significance of the discipline has grown. And so has the number of legislative activities on the national, international and, most importantly, the European level.

The *Encyclopedia* consists of four volumes. The first two volumes describe topical aspects of Private International Law in the form of 247 alphabetically sorted entries. The third volume describes the Private International Law regimes of 80 countries in the form of national reports. The fourth volume comprises a collection of national codifications and provisions of Private International Law in English translation.
