

Publication: European Enforcement Order for Uncontested Claims

David-Christoph Bittmann: "Vom Exequatur zum qualifizierten Klauselerteilungsverfahren"   

This new German publication analyses from a comparative perspective as to whether the new procedure introduced by Regulation (EC) No 805/2004 creating a European Enforcement Order for Uncontested Claims actually constitutes an advancement for the creditor without disregarding the debtor's rights in comparison with the previous exequatur proceedings. Further, the Regulation creating an Enforcement Order for Uncontested Claims is compared with Regulation (EC) No 1896/2000 creating a European Order for Payment Procedure, Regulation (EC) No 861/2007 establishing a European Small Claims Procedure as well as the future Regulation on jurisdiction, applicable law, recognition and enforcement of decisions and cooperation in matters relating to maintenance obligations.
