

Journal of Intellectual Property, Information Technology and E-Commerce Law (JIPITEC), Third Issue 2012

Founded in 2010, JIPITEC aims at providing a forum for in-depth legal analysis of current issues of intellectual property, information technology and E-commerce law with the main focus on European law. Its intention is to develop an information platform that allows authors and users to work closer together than is the case in classical law reviews. It has been conceived as an Open Access Journal, i.e., articles are available according to the terms and conditions of the Digital Peer Publishing Licenses, and in addition, authors may permit the use of their articles under a Creative Commons or other license. Its latest issue (2012, 3: [click here to download](#)), is devoted to PIL and intellectual property with articles from Paulius Jurcys, Benedetta Ubertazzi, Matulionytė Rita, Pedro de Miguel Asensio, and Axel Metzger.

JIPITEC is financially supported by the Deutsche Forschungsgemeinschaft (DFG).
