

# Born on the European Private International Law of Book-Entry Securities

Michael Born has published a book on the European Private International Law of Book-Entry Securities (*Europäisches Kollisionsrecht des Effektengiros*, Tübingen, Mohr Siebeck 2013). The official summary reads as follows:

*The law applicable to securities held in book-entry form in securities accounts is subject to a variety of European private international law rules. However, these provisions have not yet established a complete and consistent conflict of laws regime. Michael Born analyses the inconsistencies and gaps and also examines the options for eliminating the identified shortcomings.*

Further information is available on the publisher's website (in German).
