

Gremlins no more - conflictoflaws.net is back

Apologies for our recent outage, which many of you had noticed - thanks to those who emailed in and pointed out the problems with accessing posts, search, etc. We had gremlins of some variety in the database which powers conflictoflaws.net, and after much prodding and pushing they have cleared off. Everything should now be working normally again (if anyone does spot a fault, please do let me know.)
