

8 November 2019: Conference on Conflict of Laws 4.0 in Münster (Germany)

The Institute for International Business Law of the University of Münster (Germany) will be hosting a conference on “*Kollisionsrecht 4.0 - Künstliche Intelligenz, smart contracts und Bitcoins als Herausforderungen für das Internationale Privatrecht*” on 8 November 2019 in Münster (Germany). The conference will examine the conflict of laws challenges arising from artificial intelligence and blockchain phenomena. Wolfgang Prinz (Fraunhofer Institute for Applied Information Technology FIT), will provide the indispensable technical background.

Speakers are Stefan Arnold, Bettina Heiderhoff, Matthias Lehmann, Jan Lüttringhaus, Gerald Mäscher and Michael Stürner. Further information and registration (before October 24th) at <https://zivindico.uni-muenster.de/e/kollisionsrecht>.
