

Book Launch: Global Private International Law

Global Private International Law is a new casebook, published by Edward Elgar and edited by Horatia Muir Watt, Lucia Bíziková, Agatha Brandão de Oliveira, and Diego P. Fernandez Arroyo.

The publisher provided the following summary:

“Providing a unique and clearly structured tool, this book presents an authoritative collection of carefully selected global case studies. Some of these are considered global due to their internationally relevant subject matter, whilst others demonstrate the blurring of traditional legal categories in an age of accelerated cross-border movement. The study of the selected cases in their political, cultural, social and economic contexts sheds light on the contemporary transformation of law through its encounter with conflicting forms of normativity and the multiplication of potential fora”.
