

Greek Supreme Court ruling on the recognition of German legal guardian appointment orders

An ordinary case for the recognition of a German order appointing a legal guardian became a sheer nightmare for the applicant. It took her twelve years in total, three decisions in Germany and another six in Greece, for finally being recognized as an appointed legal guardian of her husband...

The case is primarily interesting for German colleagues, given that it concerns the 1961 bilateral treaty on the recognition and enforcement of judgments between the two states; however, it serves as a general pattern for the selection of the proper applicable law in similar cases, irrespective of the nationality of the foreign judgment.
