

IC2BE (follow-up of EUPILLAR) final conference 21 and 22 November in Antwerp: Registration

As we have reported earlier, the **final conference** for the EU-funded IC2BE project will take place in Antwerp on 21 and 22 November 2019.

We are happy to announce that registration is now open. See [here](#) for the programme and free registration (only the dinner is to be paid by attendees). Antwerp is close to Brussels and Amsterdam and can easily be reached by train from either of those cities. There are many hotels providing affordable accommodation.

The conference will discuss the application of the **European Enforcement Order** (805/2004), **European Payment Order** (1896/2006), the **European Small Claims Procedure** (861/2007) and **Account Preservation Order** (655/2014) in Belgium, France, Germany, Italy, Luxembourg, the Netherlands, Poland, and Spain, as well as by the Court of Justice of the EU.

The **case law database** of the IC2BE project is available [here](#) (not yet complete).

National seminars will also take place in the participating countries. See [here](#) for the dates.
