On 29 October 2020, the University of Bonn and the HCCH co-hosted a video roundtable on the HCCH 2019 Judgments Convention. This video roundtable explored the prospects of the Convention from a particular perspective, and this was the perspective of the relations between the EU and third states: neighbouring states, trade partners in particular, but also other states. The organisers were very happy to have received a large number of registrations from all over the world and from all areas of interest. The event was also meant to prepare the “main conference” of the organisers on the Convention, which is planned to be taking place at the University of Bonn on site on 13 and 14 September 2021. The recording of the pre-conference video roundtable is now available on the HCCH’s youtube channel as well as here.
