

Conference and Call for Papers Frontiers in Civil Justice, Erasmus University Rotterdam

Save the date

The conference [Frontiers in Civil Justice](#) will take place at Erasmus University Rotterdam on **16 and 17 November 2020**. The conference will address four key issues in civil justice, which require a deeper and renewed reflection in light of their contribution of facilitating access to justice. These are the shaping of the interaction between formal and informal justice, the digitalization of consumer dispute resolution (ODR), the collectivizing and monetizing of civil litigation and efforts of bringing justice closer to citizens. The conference will bring together academics, policymakers, practitioners and representatives of civil society to critically reflect on the opportunities and possible drawbacks ensuing from these paramount developments.

The outline of the conference, including confirmed keynote speakers, is available [here](#). Further details will be made available soon.
