

# On-line expert seminars: Revised Brussels II ter regime, 25 & 26 November; 3 & 17 December 2020

You are kindly invited to a **series of six online expert seminars** on the Brussels II *ter* Regulation (EU Regulation 2019/1111). This new Regulation on jurisdiction, recognition and enforcement in matrimonial matters and in matters of parental responsibility will only become fully applicable on 1 August 2022. Time enough, it would seem, but with its 105 articles, 98 recitals and ten annexes, the organisers considered it not too early to start preparing. Cristina González Beilfuss (University of Barcelona), Laura Carpaneto (University of Genoa), Thalia Kruger (University of Antwerp), Ilaria Pretelli (Swiss Institute of Comparative Law) and Mirela Župan (University of Osijek) will be presenting their first thoughts on the Regulation, its new enforcement regime, international parental child abduction, child protection, judicial and administrative cooperation, provisional measures and parallel proceedings. They have invited academics and practitioners to react to their thoughts and provided time for discussion.

The seminars will be conducted on **Zoom, free of charge**. They are aimed at practitioners, civil servants and academics alike. Each will last 1 hour and 15 minutes.

Please **enrol** if you wish to join. You will notice that the form allows you to enrol for each of the seminars separately. Only persons enrolled will be provided with the Zoom link for the event.
