

# EU Survey on Protection of Vulnerable Adults

In February 2021, the European Commission launched a study to assess the need for more effective legal protection of vulnerable adults within the European Union. As part of this study, a survey has now been published online for all legal practitioners working in the area: judges, lawyers, notaries, and other relevant authorities. Input from practitioners will be important in shaping any future legislative initiative.

The survey is open until **4 June 2021** and available at the following link: [https://ec.europa.eu/eusurvey/runner/vulnerable\\_adults\\_practitioners](https://ec.europa.eu/eusurvey/runner/vulnerable_adults_practitioners).

Although the survey is in English, respondents are welcome to submit responses in any of the official EU languages.
