

....and a Book Review in the Second Issue of ICLQ for 2022

Further to my last post, I omitted to include a book review by Professor Gilles Cuniberti in the second issue of ICLQ for 2022 which is focused on essays written in honour of Emeritus Professor Adrian Briggs (QC), and the latest edition of his (Prof. Briggs') book on Civil Jurisdiction and Judgements.

Disclosure: Prof. Cuniberti was the doctoral supervisor of my thesis, while Prof. Briggs was an external examiner of my PhD thesis.
