

Friendly Reminder: 4th German Conference for Young Scholars in Private International Law - Call for Papers Deadline

by JProf. Dr. Katharina Kaesling, LL.M. (College of Europe)

Proposals for conference presentations and short presentations at the fourth conference for young German-speaking scholars in private international law (“IPR-Nachwuchstagung”) in February 2023 can be submitted until **12th September 2022**.

The organisers are welcoming all contributions by young scholars that deal with the theme of the conference “Deference to the foreign – empty phrase or guiding principle of private international law”. The call for papers and further information can be found on the conference website.

Although the conference will mainly be held in German, English proposals and presentations are also most welcome.
