This high-level conference aims to draw attention to the novelties and important changes introduced by the Brussels IIb Regulation, which enters into application on 1 August 2022, and to provide a forum for an exchange of views with legal practitioners on cross-border family disputes involving children in the European Union.

The conference will provide participants with an opportunity to hear from experts in EU family law on the key changes to the Regulation and to engage in a moderated discussion on the topic through a Q & A session.

The event will be hosted online with the limited possibility to participate in person in Brussels*. Interpretation of the conference will be provided in 10 languages (DE, EN, FR, IT, EL, ES, PT, PL, BG, RO).

*Participation in this event is free. Please note that persons planning to attend this event in the European Parliament in Brussels do so at their own expense.
