

EU-ADAPT App launched

Readers of this blog will certainly enjoy trying

eu-adapt.com

It is the result of a project coordinated by Afonso Patrão (University of Coimbra, in Portugal), joining efforts with the Universities of Heidelberg (Germany), Turku (Finland), Genoa (Italy) and Valencia (Spain), which will be useful when a right in rem is invoked under the law applicable to succession, but the *lex rei sitae* does not know such right in rem. As Afonso Patrão explains “the app will then suggest an equivalent under the law of the latter Member State, taking into account the aims and the interests pursued by the specific right in rem and the effects attached to it”.
