

HCCH CODIFI Edition 2023 - CBDCs

The Permanent Bureau is pleased to announce that a colloquium on Central Bank Digital Currencies (CBDCs), titled “CODIFI Edition 2023 - CBDCs”, will be held online on Thursday 5 October 2023, following the mandate of the Council on General Affairs and Policy (CGAP) at its 2023 meeting (C&D No 17).

CODIFI Edition 2023 - CBDCs will cover selected topics related to the HCCH’s CBDCs Project, established by CGAP in March 2023 with the mandate to study the private international law implications of CBDCs. The colloquium will feature a series of pre-recorded video discussions, led by subject-matter experts of the CBDCs Project and other specialists of academia, government, and industry. Live discussion sessions will also take place on the same day to summarise the proceedings and provide more insights and some ideas on the way forward.

The colloquium will be streamed on the HCCH LinkedIn page from 9.30 a.m. (CEST) on Thursday 5 October 2023. The opening session, starting at 9.30 a.m. (CEST), will be followed by the release of the pre-recorded video discussions. In addition to being streamed on the HCCH LinkedIn page throughout the morning, the pre-recorded video discussions will also be available for on-demand viewing on the HCCH website and the HCCH YouTube channel. The live panel and the live interview will be streamed on the HCCH LinkedIn page from 12.30 p.m. and 2.30 p.m. (CEST), respectively.

To register for updates on the colloquium, please indicate your interest [here](#).

For more information, please consult the HCCH’s website and the colloquium’s draft agenda.
