The collection of assignments presented here is the result of the V Workshop Jean Monnet Network - BRIDGE on “El Derecho Internacional Privado en las Relaciones entre la Unión Europea y América Latina” which took place on April 19th, 2023, in hybrid mode, at University of Sevilla, Spain. This initiative promoted an intense debate on the theoretical and practical aspects about international law and the relations between European Union and Latin America, with the presence of professors and researchers from several universities.

The proceedings are part of the activities developed by Jean Monnet Network project called “Building Rights and Developing Knowledge between European Union and Latin America - BRIDGE”, co-financed by the Erasmus+ Program of European Commission (620744-EPP-1-2020-1-BR-EPPJMO-NETWORK), composed of a consortium of seven Latin American and European universities.

The articles presented at the Workshop were previously evaluated through Call for Papers, launched in January 2023, and selected by the Organizing Committee composed of Professors Aline Beltrame de Moura (Federal University of Santa Catarina), Beatriz Campuzano Días and M^a Ángeles Rodríguez Vázquez (both from University of Sevilla, Spain). Part of the articles selected for presentation at the Workshop were published in *Anais do V Workshop Jean Monnet Network - BRIDGE* and the others were published in the V edition of the Latin American Journal of European Studies (2023-1).
