

# **“Who’s Afraid of Punitive Damages?” - Now in Hybrid Format**

Due to massive strikes in Germany’s public transport sector, we have made the decision to move the conference on “Who’s Afraid of Punitive Damages?”, to take place in Augsburg on 8/9 March (originally announced [here](#)), to a hybrid format.

Accordingly, everyone interested in the topic is welcome to join some (or all) presentations via this Zoom link (ID: 624 2497 5622; password: &ZB&%1).

The latest version of the conference programme can be found [here](#).
