

ELI Extra-Judicial Administration of Justice Dissemination Conference, 14 Feb, Vienna/Online

For anyone without a date for Valentine's Day, we are happy to advertise the following ELI event on de-judicialisation in family and succession matters:

With competences in family and succession matters increasingly moving from courts to other authorities - such as notaries, civil status officers, child protection agencies, judicial officers, advocates, and even private parties - ELI's Extra-Judicial Administration of Justice in Cross-Border Family and Succession Matters project aims at developing an outline of a harmonised European concept of courts, building on the approach of the Court of Justice of the EU in its recent case law, to ensure a harmonised application of EU instruments to such actors in Member States (for more information on the project, [click here](#)). As the trend of 'de-judicialisation' continues to grow, the project's Dissemination Conference offers a valuable opportunity to discuss its implications and to present and reflect on recommendations developed by the ELI to address this shift.

The event will take place on 14 February 2025 from 09:00-18:00 CET at the University of Vienna (Small Ceremonial Hall (Kleiner Festsaal)) and will be streamed online.

ELI will be able to issue a certificate of attendance, when requested, to participants.
