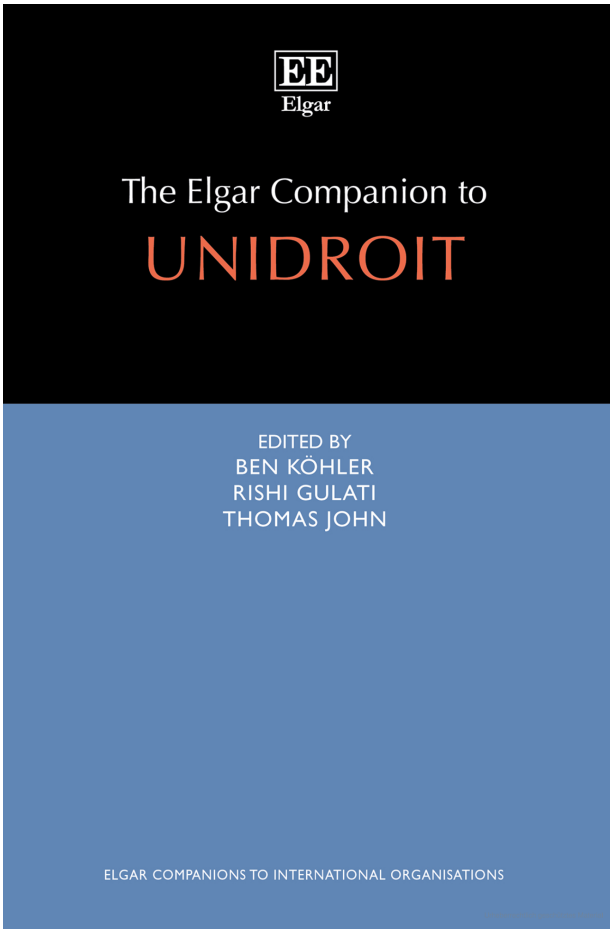
The Elgar Companion to UNIDROIT: Virtual Book launch

Co-edited by Ben Köhler, Rishi Gulati and Thomas John, the Elgar Companion to UNCITRAL is now out. This is the third and final in the trilogy of books on the three key international institutions mandated to work on private international and international private law. The Elgar Companions to the HCCH and to UNCITRAL have already been published in 2020 and 2023 respectively.



The Elgar Companion to UNIDROIT brings together a diverse selection of contributors from a variety of legal backgrounds to present the past, present and future prospects of UNIDROIT's instruments (for more information: link).

The book will be virtually launched by the President of UNIDROIT, Professor Dr. Maria Chiara Malaguti, on 17 January 2025 at 13:00 CET. The launch event will also include a presentation by Professor Dr. Dr. h.c. Dr. h.c. Herbert Kronke, who will speak on the topic of "UNIDROIT and the EU". The event will be held via zoom.
