

# **Call for Papers: 2nd Riga Private International Law Conference: 'European Private International Law: An Era of Reforms'**

*The following call was kindly shared with us by Aleksandrs Fillers (Riga Graduate School of Law).*

This year is marked by growing discussions about revisions of the core EU private international law documents. The 2nd edition of the Riga Private International Law Conference aims to reflect on the possible changes to be encouraged and those to be discouraged. This year the conference will mostly focus on three core 'general' EU private international law instruments: Brussels Ibis Regulation, Rome I and Rome II Regulations.

The conference is organized by the Riga Graduate School of Law and will be held online via Zoom on 22 June 2026. Please submit abstracts of no more than 300 words to associate professor Dr. Aleksandrs Fillers (aleksandrs.fillers@rgsl.edu.lv) by 1 June 2026. We will notify you about the acceptance of papers by 5 June 2026.

Selected articles will be published in the Baltic Yearbook of International Law (indexed in Scopus).
