Dear colleagues,

on Friday, **24th of November 2017**, the EU research project “unalex – multilingual information for the uniform interpretation of the instruments of judicial cooperation in civil matters” is organizing its final conference on the application of EU Regulations in the area of Private International Law under the title

- Conclusions from Case law collected in the unalex system”**

at the **University of Innsbruck**.

You are cordially invited to participate in the conference. Please find attached the preliminary programme of the conference. There is no conference fee.

The UNALEX project is aimed at the expansion of a multilingual international source of literature on legal instruments of EU law and of international uniform law. It is based on the already existing UNALEX portal (<http://www.unalex.eu/>), a legal information system on European and international uniform law, containing a well equipped collection of international case law, structured *compendia* and a large number of additional materials.

A primary goal of the UNALEX project is to interest and to win authors from different European legal systems to create *compendia* and commentaries and to form a European network of authors (ELAN).
