

Directory of Experts

The Directory of Experts is intended to be a comprehensive database of all those academics and practitioners specialising in private international law. This will hopefully encourage the cross-fertilisation of ideas, both within the UK and in the international landscape.

To add yourself to this directory, please send an email to **directory@conflictoflaws.net** with the following information:

- **Name**
- **Email address**
- **Physical location**
- **Institutional affiliation**
- **Position**
- **Particular specialisms/interests**

The Directory will be updated monthly as information is received. The first Directory will be posted shortly.
